PART 2009 - BUDGETS

SUBPART C - ACCOUNTING DISTRIBUTION AND
TIME AND ATTENDANCE CONTACT POINT CODES§2009.101 General.

This Subpart describes the Accounting Distribution Code and the Time and Attendance Contact Point Code systems of the Rural Development. It also prescribes the responsibilities under these two coding systems.

§2009.102 Definitions.

(a) Accounting Distribution Code. The coding system designed to record the personal services costs for each employee by fiscal year, appropriation, allottee, major class, type of employment, working title, subunit, primary and detailed location code. Personal travel expenses may also be recorded by using this accounting distribution code.

(b) Time and Attendance Contact Point Code. The coding system used by all agencies of the Department to record the personal services and leave accruals for employees, by agency, geographic location, organizational unit, and, in special areas, time keeper code.

§2009.103 Accounting Distribution Code.

This fifteen digit code is used to identify specific reporting levels consisting of:

(a) Fiscal year and appropriation - 3 digits:

(1) Fiscal year. The first digit of the accounting distribution code will be the same as the last digit of the current fiscal year, i.e., 1978 fiscal year is "3."

(2) Appropriation. The second and third digit of the accounting distribution code designates the appropriation to be charged with the expense. Generally this appropriation designation will correspond with Exhibit B of RD Instruction 2009-D. Currently all charges are to be coded 01. (Revised 5-27-87, PN 52.)

(b) Allottee - 1 digit: Use the fourth digit of the accounting distribution code to identify the area of jurisdiction over the payroll and travel costs. (For time and attendance reporting purposes, these codes will generally represent administrative distributions for purposes other than the limitation of obligations or expenditures within specified amounts and shall not be considered as allotments from appropriations.) Code as follows:

<u>Area of Jurisdiction</u>	<u>Code</u>
National Office	1
Finance Office	2
Field Offices	3

 DISTRIBUTION: W,S,D,C

 Administration
Budgets

1
(Revision 1)

(8-31-82) SPECIAL PN

(c) Major class - 2 digits. The fifth and sixth digits of the accounting distribution code identifies class of employment. Code as follows:

<u>Description of Class</u>	<u>Code</u>
Permanent employment	71
Temporary employment	72
Reimbursement employment*	76

*Reimbursable employees perform services for other agencies, but remain on the personnel roster and are paid by Rural Development. The salary, benefits and other agreed upon expenses will be repaid to Rural Development by the Agency receiving the services under an approved agreement or memorandum of understanding.

(d) Type of employment - 1 digit: The seventh digit of the accounting distribution code identifies the employees' type of employment. Code as follows:

<u>Type of Employment</u>	<u>Code</u>
Full-time employment	4
Part-time employment	5
Intermittent employment*	6

*Intermittent employment is defined in RD Instruction 2054-T as "Those who work less than full-time with no regular schedule arranged in advance. These employees do not accrue leave benefits.

(e) Working title - 2 digits. The eighth and ninth digits of the code identifies all field office positions by the primary function of the position. The working title code is not intended to designate a specific subunit of responsibility. The program specialist, code 10, includes all specialist positions: rural development, planning, farmer, housing, community development, and business and industrial programs. The Secretary, State Office, code 15, includes all secretarial positions except the Secretary to the State Director. Special coding is also provided for selected positions so that employment ceilings and other constraints can be controlled.

(1) Exhibit A identifies the working title codes for field office positions.

(2) Code all positions in the Finance Office and National Office "00."

(3) Noncompensatory personnel - travel expenses. An accounting distribution code must be shown on all Forms AD-616, "Travel Voucher." This code will automatically be generated from payroll records for all personnel who are in pay status. The working title code, eighth and ninth digits, for travel vouchers for personnel not on Rural Development payrolls is coded "30."

(f) Subunit - 1 digit. The tenth digit of the accounting distribution code indicates:

(1) A subsidiary unit or administrative level below the primary State location:

<u>Subunit</u>	<u>Code</u>
State Office Staff	
Executive	1
Management	2
Program	
Farmer	3
Community	4
Housing	5
Business and Industry	0
Consolidated programs (two or more programs)	8
District Office	6
County Office	7
Committeemembers	9

(2) Code the subunit for the National and Finance Offices "0."

(g) Location (primary) - 2 digits: The eleventh and twelfth digits of the accounting distribution code represent the primary (State code) location code for the States, Finance Office, or the National Office.

(1) State - Codes are in numerical order 01-69, as listed in Exhibit B. Codes 65-69 are reserved. States with more than 99 counties should use only the primary State code, i.e., Georgia will use Code 10, Illinois will use Code 13. Subsidiary codes will not be used in the application of the accounting distribution coding.

(2) Finance Office - Codes are listed in Exhibit C.

(3) National Office - Codes are listed in Exhibit D.

(h) Location (Detail) - 3 digits. The thirteenth, fourteenth, and fifteenth digits of the accounting distribution code represent the detail location code for County and District Offices. (Do not use the General Services Administration "Geographical Location Code.") Code all State Office employees "000." All States will code the first digit of this code "0" when it is applied to counties numbered 01 through 99. District Office locations will also be coded with the County location. (Do not code District Offices as "6".) Specific unit location codes using these last three digits and applicable to the Finance Office and National Offices, are listed in Exhibits C and D, respectively

§2009.104 Application of accounting distribution code.

National Finance Center MODE Handbooks and related RD Instructions provide for the inclusion of an "Accounting Distribution Code" on the following forms:

(a) Form AD-321-3, "Time and Attendance Report." The accounting distribution code will generally be stored and generated by the National Finance Center's (NFC) computer system from their payroll master file. Code Form AD-321-3 on the first pay period for a new employee or when a change is necessary to the accounting distribution code. Code Form AD-321-3 when a change is required in the payroll master file by any personnel action, i.e., accessions, promotions, change of position title, reassignments, and change to lower grade. Form AD-321-3 will also show a new accounting distribution code when an employee is detailed to another duty station that involves a change of primary location for an extended period of time, generally considered to be for 30 days or more. Upon termination of the detail, the form will again be coded to record the permanent duty station. (The Form AD-321-3 will not show a detail to another duty station if the change is within the primary (State) location code.) The accounting distribution code will be shown on Line 3 of Form AD-321-3 in the fields labeled "APPRN," "A," "B," "C," and "D." (See Exhibit E). Leave the first block in Fields A, B, C, and D blank. An entry will also be made to Line 2 "Acct. Data Code" for the following conditions:

- (1) Enter a "1" in the "Acct. Data Code" block if the accounting distribution code shown on Line 3 is intended to establish a new or permanently replace the code stored in the master files for the employee.
- (2) Enter a "2" each pay period if the accounting distribution code currently stored in the employee's master file is to be used. Whenever a "2" is entered, in the Acct. Data Code Block, do not show an accounting distribution code. The scanner will reject the Form AD-321-3 if coding is omitted from this field unless an entry is shown under the accounting distribution code.
- (3) Leave the "Acct. Data Code" blank if the accounting distribution code entered on Form AD-321-3 represents a temporary change for only that pay period. (See Time and Attendance Report Handbook - Scanner Form AD-321 Chapter II paragraphs 20 and 29.)

(b) Form AD-287-2, "Recommendation and Approval of Awards."
(Revised 09-04-96, PN 265.)

§2009.104 (Con.)

(c) Form AD-343, "Payroll Action Request." Repayment of annual leave lump-sum payments. Employment officers will prepare and transmit Form AD-343 to the NFC. Insert "Repayment of annual leave lump-sum leave payment" in block 11 and insert "Compute and collect the payment of unexpired portion of annual leave lump-sum period (see SF-1150, Record of Leave Data, attached)" in block 13. Attach a copy of SF-1150 to the Form AD-343. The accounting distribution code should be inserted in block 15. (See MODE manual, Chapter VI, Appendix A.) (Renumbered and Revised 09-04-96, PN 265.)

(d) Form AD-581, "Lump-Sum Leave or Compensatory Time Payments." Employment officers will prepare and transmit Form AD-581 to NFC, for lump-sum annual leave payments, when an employee separates from Government service, or for compensatory time payments. (See MODE manual, Chapter II, Section C.) (Renumbered 09-04-96, PN 265.)

(e) Form AD-616, "Travel Voucher," Section E, Accounting Classification. This section of the travel voucher will be used to override the regular accounting distribution code as recorded in the master file. Special reporting requirements are necessary to obtain information concerning specific travel costs. The seventh, eighth, and ninth positions of the type of employment code and working title code, §2009.103 (d) and (e) of this subpart, will be used for this purpose and will be considered a three-digit code. The three digit override code will be inserted in Section E - Accounting Classification, of Form AD-616. It will not be necessary to record the full 15 digit accounting distribution code for override purposes. The Central Accounting System will be programmed to record only the three digit override code for all Agency personnel. (Renumbered and Revised 09-04-96, PN 265.)

- (1) Code 2XX - Training Travel*
 - 200 - National and Finance Office
 - 210 - State, (Field office)

*Special codes in this training series will be assigned annually as needed. Codes 200 and 210 will usually be associated with the annual training related travel allocation.

- (2) Code3XX - Special Travel Authorizations

Detailed coding will be approved by the National Office to meet specific requirements.

RD Instruction 2009-C
§2009.104(e) (Con.)

(3) If the Form AD-616, Section E, does not show a change, travel will be recorded in the regular distribution code account and will constitute a part of the regular travel costs to be reported under §2009.4(b)(1) of RD Instruction 2009-A.

(4) The full fifteen digit accounting distribution code must be used when processing travel vouchers for "noncompensatory" personnel, working title code 30, since no coding for these persons will be shown in the master file. In all instances, (National Office, Finance Office and field offices) the last two digits of this code will be shown as "30," in accordance with §2009.103(e)(3) of this subpart.

§2009.105 [Reserved]

§2009.106 Time and attendance contact point code.

Composition of code. The time and attendance contact point code is a five-level, 12-digit code used by all timekeepers to report services and leave for regular employees. The contact point code is comprised as follows:
(Revised 09-04-96, PN 265.)

(a) Agency - 2 digits. The Agency code for RHS is 07, for RBS 32 and RUS 15. (Revised 09-04-96, PN 265.)

(b) State - 2 digits. The State code will be found in the General Services Administration's (GSA) "Geographical Location Codes."

(c) Town - 4 digits. The town code will be found in GSA's "Geographical Location Codes." For towns not listed in the GSA Geographical Location Codes, request a code from the Personnel Division, National Office.

§2009.106 (Con.)

(d) Unit - 2 digits.

County Offices	01
District Office, includes district directors headquartered in a state or county office	02
State Offices	
Office of State Director	11
Administrative Staff	12
Program Staff	
Farmer Program	13
Community Program	14
Housing Program	15
Business and Industry Program	10
Consolidated Programs	18
Finance Office	04
National Office	05

(e) Timekeeper - 2 digits. Code 45 for Puerto Rico and 50 for the Virgin Islands. Only timekeepers in Puerto Rico and the Virgin Islands are required to post this code on time and attendance reports.

(f) Responsibility. The Directors of the Personnel Division and the Finance Office and state directors must notify the NFC, U.S. Department of Agriculture, P.O. Box 60,000, New Orleans, LA, 70160, of any changes in time and attendance contact point codes and corresponding addresses and telephone numbers resulting from opening, closing, or moving an office, or changing telephone numbers. These employment officers are also responsible for notifying timekeepers of the time and attendance contact point codes to be used on Forms AD-321-3, "Time and Attendance Report," for Committeemembers. (Revised 10-19-83, PN 901)

§§2009.107 - 2009.150 [Reserved]
